BASKET BALL POSSIBILITIES

Basket Ball season will soon be here and the boys of Co. 1401 have not yet formed a team.

Capt. Campbell will furnish all the necessary equipment for a team, & everything necessary to fix the court. We will have to work together and fix our court before we can start playing. If we WILL work together, we can put it in good repair in a short time.

Many boys in this Company have played before, on various teams. We may be assured of the support of the Company, & there is no reason why we should not be able to put out a winning team. We could challenge some of the neighboring High School teams and really go to town!!

All it will take is a little team-work and cooperation, as well as just a little labor on our part to put the court in shape, and we can go places. Capt. Campbell has done his part and will continue to do so---isn't that fair enough?

Men, let's work together, practice hard and play hard, so we can put out a WINNING BASKET BALL TEAM!! (If you want to help, see----"Coot" Kendrick.)

CAMP IMPROVEMENTS (Continued)

ments are to be made on the wood saw & work shop. As you can now see, two new barracks are being put up in a hurry--- this will remedy the crowded situation in the cabins.

As for Recreation: We are assured of Ping Pong and Basket Ball equipment, as well as a Camp Radio with possibly a Sound System! Boy! Oh Boy! Won't that be grand!!

Last, but by no means least, the Bath

(Next column, please)

CAMP MILL DAM LAKE

borders directly upon a beautiful lake. Camp Mill Dam Lake won the award of first place in the Fourth Corps Area, in 1936.

The enrollees at Camp Mill Dam Lake have always maintained an excellent fire-fighting organization. Their mettle has been tested on a number of occasions, but never before on such a crucial one as that of March 12, 1935, when a fire swept out of Bear Hammock on the wings of a forty mile gale, and in only five and one-half hours destroyed 45,000 acres----an average of almost two acres per second.

The Camp has never been disbanded nor moved since it was first founded.

Showing some surprise, Prof then told the Rookie that he had ancestors. Not thinking, the rookie asked what he could do to get rid of them!! OH, these Rookies!!

A PICTURE FROM NIGHT LIFE

(With Fobare in the Saddle)

Well! Well! Well!!! What do you think of a fellow who goes to bed with another fellow on his mind and dozes off still thinking of him (PROBABLY because his big mouth was the last thing he heard before dropping off to sleep!) Well, it isn't long before the dust--er, I mean covers, start flying. Number One gets out of bed shouting for the other fellow to get out from under his bed and stop kicking around under there. Then the second fellow pulls out his flash light, saying, "Here---take this and hurry up and find me!!!"

The first fellow slowly slides off his Night Hoss, looks at the bed beside him and, still in a daze, says to Number Two, "How can you be over there using a light to find you under my bed, and still be under my bed at the same time? Ye Gods! I must be NERTZ!" With that Number One jumps back in bed, murmuring to himself and shaking his head, while Number Two laughs about it far, far into the night!! The next morning, Number One knew nothing about the ride on the Night Hoss until told about it by Number Two!----Number Two (G.O.S. Jr.)

Sudberry met Prof Hamilton in the Mess Hall the other day and said:

"From the looks of you, there might have been a starvation!"

"Yes," replied Prof, "and from the looks of you, you might have been the cause of it.!"
